Architecture & Planning ■

Brentwood Union School District
255 Guthrie Lane
Brentwood, CA 94513

2327 L Street ■

Attention: J. Doug Adams
District Superintendent

Sacramento, CA 95816-5020 ■

Subject: Lathrop Construction Associates

Dear Doug:

(916) 368-7990 ■

With 36 years in this profession and 22 years with this firm I believe that I have not seen such an outstanding performance like that provided by Lathrop Construction Associates for the new Adams Middle School.

FAX: (916) 368-7996 ■

"Done on time" doesn't, at all, tell the story, nor do the statistics of the job.

A Professional Corporation ■

The real story is told in the weekly Constructing Meeting Minutes and daily flow of communication among Lathrop Construction Associates and Rainforth ■ Grau ■ Architects and the Brentwood Union School District. It is a story of communication, watching the clock, doing business, partnering with the Brentwood Union School District and Rainforth ■ Grau ■ Architects, management of people and products and processes at the highest level and delivering what was needed when it was needed at the lowest cost at the time.

This is the formula for success; and a success is what this construction event is.

I will accept Lathrop Construction Associates on any project at any time for as long as I work. I hope you will too.

Please deliver my remarks of appreciation to your Board of Education.

Thank you for choosing Michael Rainforth ■ Jeffrey Grau ■ Architects for your professional needs.

Sincerely

Michael Rainforth
Principal Architect
